COVID-19 PRECAUTIONS:

We will be limiting our capacity to only 200 people allowed under the covered ice rink at a time. This will allow everyone ample space inside of the 5,500 square foot ice rink plus surrounding areas. Hand sanitizing stations will be setup in several areas inside of the facility.

Please be aware that the Rink will be implementing a mandatory face mask policy this season. This means all guests, skaters, and parents will be required to wear a mask while in the facility.

- Your mask may be removed by participants when taking the ice but should be put back on immediately following.
- Parents, guests, and ice skaters may remove mask to eat and drink.
- Mask must be worn when walking around the facility.
- All staff members are required to wear a mask at all times.
- Any guests entering the facility without a facemask may purchase one from the front desk for \$1.

The mask requirement is a precautionary measure to continue to go above and beyond the CDC's required safety standards, and to further help limit the spread of COVID-19. Our team will continue to place an emphasis on wiping down handles, surfaces, tables, doors, and all common areas.
